ESCAMBIA COUNTY DISTRICT 4

◆
August 2025

August: When The Heat Slows Life Down— But Purpose Keeps Us Moving.

It is an honor to continue serving as your Escambia County District 4 Commissioner. I remain deeply committed to clear, open communication and to ensuring every resident has access to the resources, services, and support available through our county.

Over the past few weeks, you may have seen me and my dedicated District Aide, Melanie Luna, walking neighborhoods throughout our community.

These visits are an important part of our effort to stay engaged and connected—meeting you where you are, listening to your concerns, and providing helpful information about county services that impact your daily life.

If we happened to miss you, please know we've left behind an informational door hanger designed to guide you to key Escambia County contacts and departments. Whether you're navigating a challenge now or may need support in the future, we want to ensure you have the tools and guidance you need at your fingertips.

Serving District 4 is a responsibility I carry with great honor and purpose.

Thank you for the continued opportunity to represent you with transparency, integrity, and heart.

Ashlee Hofberger
