These policies are intended for internal management guidance only, and do not constitute, either implicitly or explicitly, a binding contractual or personnel agreement. The County reserves the exclusive right to change any of these policies at any time and to expect adherence to the changed policy. Changes to or exceptions from these policies may only be granted by the Board of County Commissioners (BCC), and must be obtained in advance and in writing. Areas not specifically covered by these policies shall be determined by the County Administrator.

3. Definition of 'Volunteer'

Volunteers are not County employees. A 'volunteer' is anyone who without compensation or expectation of compensation beyond reimbursement performs a task at the direction of and on behalf of the County. A 'volunteer' must be officially accepted and enrolled by the County prior to performance of the task.

4. Service at the Discretion of the County

The County accepts the service of volunteers with the understanding that such service is at the sole discretion of the County. Volunteers agree that the County may at any time, for whatever reason, decide to terminate the volunteer's relationship with the County.

The volunteer may at any time, for whatever reason, decide to sever the volunteer's relationship with the County. Notice of such a decision should be communicated as soon as possible to the volunteer's supervisor.

Failure to maintain confidentiality will result in termination of the volunteer's relationship with the County.

7. Position Descriptions

Volunteer staff, just as paid staff, requires a clear, complete, and current description of the duties and responsibilities of the position which they are expected to fill. Prior to any volunteer assignment or recruitment effort, a position description must be developed for each volunteer position. This position will be given to each accepted volunteer and utilized in subsequent management and evaluation efforts. Position descriptions should

be reviewed and updated at least every two years, or whenever the work involved in the position changes substantially. Position descriptions will be maintained in the Bureau/Division with a copy to Human Resources. All position descriptions shall include a description of the purpose and duties of the position, a designated supervisor and worksite, a timeframe for the performance of the job and a listing of job qualifications.

8. Requests for Volunteers

No final acceptance of a volunteer shall take place without a specific written volunteer position description for that volunteer.

9. Recruitment of Minors

Volunteers may not be below the age of 12. Volunteers between the ages of 12-14 may not participate in volunteer service for the County without a parent or guardian present at all times. The application will then be reviewed by the appropriate Bureau Chief and prospective volunteers will be selected for interview.

11. Interviewing

Prior to being assigned or appointed to a position, all volunteers will be interviewed to ascertain their suitability by the requesting Bureau/Division for an interest in that position. The interview should determine the qualifications of the volunteer, their ability and commitment to fulfill the requirements of the position, and should answer any questions that the volunteer might have about the position. Interviews may be conducted either in person or by other means. As part of the interviewing process, further processing of the prospective volunteer's application may commence to include any necessary screening described in paragraph 12.

The interviews will be conducted by the appropriate Bureau/Division, signed off on by the Bureau Chief, with the final sign-off by the County Administrator.

12. Criminal Records Check/Screenings

As appropriate for the protection of all involved, volunteers will be required to submit to a criminal background check, drug testing, and other applicable checks and screenings. In placing a volunteer in a position, attention shall be paid to the interests and capabilities of the volunteer and to the requirements of the volunteer position. No placement shall be made unless the requirements of both the volunteer and the supervising staff can be met: no volunteer should be assigned to a 'make-work' position and no position should be given to an unqualified or uninterested volunteer.

14. Acceptance and Appointment

Service as a volunteer with the County shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by Human Resources. No volunteer shall begin performance of any position until they have been officially accepted for that position and have completed all necessary screening and paperwork. Escambia County does not tolerate sexual harassment.

22. Ethics

Ethics refers to principles that define behavior as right, good and proper. Such principles do not always dictate a single "morale" course of action, but provide a means of evaluating and deciding among competing options. Governments of all kinds are held to a very high standard of public trust. We must make every effort to insure that all activities of the County, as well as, all other staff in the County offices maintain the standards of conduct that are above reproach.

23. Drug Free Environment

Escambia County provides a drug-free, healthy, and safe environment. A volunteer may not use, possess, distribute, sell or be under the influence of alcohol or illegal drugs. The use of drugs and alcohol is an increasing problem affecting many areas of our society and ranks as one of the major health problems in our country. The pervasive presence of alcohol and substance abuse in our society, the resultant impact upon the workplace, and the County's obligation to its citizens require the establishment of a drug-free workplace policy.

Escambia County intends to provide a safe and healthy environment. Smoking in the workplace is prohibited except in outside locations specifically designated as smoking areas.
